Hello! I am Junhyuck Jang, 2D Character Artist from South Korea.

Thanks for downloading my character asset!

<Contact>

Email: junhyuckjang3@gmail.com (Question, Feedback, etc. everything is welcome.)

If you like my character asset, please give me a review on asset store.

Kind reviews give me energy to continue this project.

Check my other character assets on Publisher page.

<Package Dependencies> **(read this if error occurs)**

This asset is made by Unity '2D Animation' Package. It is skeletal animation tool using 2D sprites.

If '2D Animation Package' and '2D PSD Importer' are not installed, Unity will show error message.

- 2D Animation Package Ver 3.2

  https://docs.unity3d.com/Packages/com.unity.2d.animation@3.2/manual/index.html

- 2D PSD Importer Ver 2.1

  https://docs.unity3d.com/Packages/com.unity.2d.psdimporter@2.1/manual/index.html

Make sure that these Unity Packages are installed.

You can check your Unity Package Versions on [top Menu bar]- [Windows] – [Package manager]

This asset was Made with Unity 2019.4(LTS). Try on this Unity version if error still occurs.
